MOABI INVESTMENTS CC

Mr. Moabi Seabi the CEO of Moabi Investments CC would like to thank you for affording our company an opportunity to introduce ourselves, and for allowing us to assess your specific construction needs. Moabi Investments CC has been in operation for the past 11 years, specializing in General Construction, Electrical Work, Plumbing, Carpentry, Ceiling, and many more other Civil Engineering service offerings, and our in-house technical division always maintains our customer base, concentrating on quick response time and attention to detail. We pride ourselves in our after-sales care policies, to ensure a high degree of customer satisfaction.

Our internal strategies are always "Against the Grain" which ensures us to continually re-assess existing procedures, shelve inefficiencies and important updated protocols to protect the best interests of our clients, and align them to the industry norms, are built within confines of the regularity guidelines for the private construction sector. Leveraging on our past experiences and the vital information that we gather from our clients through risk assessments, we are then able to map-out tailored service solution for you. This is a cyclic process that keeps us current with the latest market-trending technologies and newly-adopted industry practice.

We have strong links with a wide network of construction bodies that further enhances our ability to isolate pour quality-related vulnerability and risks that plague our industry. At Moabi Investments we are passionate about everything we do, we continually strive to ensure service excellence and consider ourselves to be a cut above the rest. We operate in a unique and professional manner to ensure consistency in our approach and service offerings. For many years, the construction industry has been subjected to loop-holes with loosely-managed construction operations, we however, ensure you consistency, accuracy and efficiency in all our business dealings with you.

Our task is to ensure that all our sites are strictly and professionally managed 24/7. In the event of unforeseen incidents, we act quickly to identify problems and we apply important remedial procedures to prevent re-occurrences. We have every confidence in managing your contracts effectively, due to our strong senior support structures which prides itself in delivering high standards of professionalism and operational management standards. We believe in building partnerships with our clients rather than being "just another" construction service provider. Should you require any further information or clarity, please do not hesitate to contact us. We look forward to hearing from you.

Yours Sincerely
Your Industrial Civil & Construction Specialists

MANAGING DIRECTOR

Mr. MOABI SEABI

ABOUT US

INTRODUCTION

Moabi Investments CC was established in 2007 as a 100% (one hundred percent) black owned Corporation in Southern Africa. Moabi Investments is a multi disciplinary corporate solutions provider with a commitment to our client's interests in the most up-holding standards suitable to each client's needs. All our company divisions are headed by specialists with vast experience in their individual fields of operation, and our clients become part of every developmental phases of production/outcome; entitling ourselves to work with only the most competent personnel and Sub-contractors is our pre-requisite.

OUR MISSION

Our mission is to bridge the gap between small and large companies (levels), and to improve the standard of living through the construction of sustainable yet cost effective projects to alleviate the high unemployment rate and to generate high return on all investments. To produce the high quality architectural structures, and as well as to further develop our client's brands for accurate growth.

OUR GOAL is to be a life changing corporation in the industry and to the lives of ordinary people as we journey our dream of listing our company to the Johannesburg Security Exchange (JSE).

MANAGING DIRECTOR

Mr. MOABI SEABI

SCOPE OF SERVICE

CIVIL ENGINEERING

From large-scale infrastructure to commercial developments, the Moabi Investment CC has an impressive history of successful civil engineering projects. We draw on our extensive technical knowledge, critical resources and a wealth of specialized skills to provide engineering services in road construction, pipelines, dams and premium residential and commercial developments.

CONSTRUCTION

With experience in the construction of industrial and residential projects such as multi-storey buildings, warehouses and bus depots, amongst others, Moabi is equipped to oversee the construction and site management of small and large-scale building projects from start to finish.

ROAD AND SURFACING

The pervasive use of asphalt in many areas of construction has created a need for a specialized focus on asphalt services. To this end, Moabi was established to service not only the government, but the industry at large. With specialized skills and equipment, Moabi provides asphalt and road surfacing services to several municipalities and civil contractors. We also offer road rehabilitation, including the reconstruction of damaged surfaces.

CONCRETE WORK

Our concrete construction experience spans across the crucial areas of water purification and treatment works, having constructed several major projects in this sector. Additionally, we provide both pedestrian and vehicle bridges, utilizing both steel and concrete.

SCAFFOLDING

Moabi Investments has been delivering excellence in scaffold hire or contract, and construction for many years with hundreds of satisfied customers throughout South Africa. Moabi has been offering scaffolding jobs of all manner and sizes, no job is too big or too small for us, we cater to industrial contractors and the public with all services customized to the buyer's needs. We are a leading supplier of premium aluminium, kwikstage and self-lock scaffold systems.

ELECTRICAL CONSTRUCTION

We provide a variety of electrical work ranging from construction of Municipal and Township Reticulation; Electrical Transmission and Distribution Networks, Sub-Station, Industrial installation and Electrical Contracting to Maintenance services of electrical engineering infrastructure for both Private and Public Sector industries. The latest service offering includes Telecommunications services, specifically fiber optic installation.
